## WEATHER FORECAST

ARKANSAS: Mostly cloudy with occasional rain a little warmer this afternoon tonight. Saturday scattered thundershowers, turning colder Saturday in northwest, else where Sunday.

Experiment Station report for 24 hours ending at 7 a. m. Friday, High 45, Low 37, precipitation .24 of an inch.

## Millwood Water District Is Fully Organized

TEXARKANA, (AP)—Formal organization of the Southwest Arkansas Water District, to fight for construction of a combination dam and reservoir on Little River, was completed here last night.

Charles Conway, city attorney of Texarkana, was elected chairman of the organization, made up of representatives from 15 cities. Conway replaces Chancellor James H. Pilkinton of Hope, who was selected as temporary chairman at the group's first meeting two weeks ago in Hope.

George Peck of Hope was elected vice chairman of the district. Other officers are Jim Shaver of Ashdown, secretary, and Henry B. Whitely of Magnolia, treasurer.

The district was organized to oppose a change in plans for the proposed Millwood Dam on Little River. The U.S. Engineers recently announced that original plans for the project, which would have included a reservoir, had been dropped in favor of a "dry" dam. Flood gates on a "dry" dam are left open except in cases of emergency, preventing the formation of a reservoir.

Supporters of the water district claim the reservoir is needed to insure cities in the area of a constant water supply, and thus aid in the industrial development of the area.

Chancellor James H. Pilkinton named temporary chairman of the group in a meeting two weeks ago at Hope, reviewed events and said the organization will be seeking to solve, on a permanent basis, if possible, the water problem for this area.

He said the purpose of the organization is not to fight the plan for upstream dams or take away any water these dams will provide but to insure water for Millwood, to be supplied to areas of Southwest Arkansas that need it, through a water district.

Former Congressman Boyd Tackett also emphasized that the organization is not opposed to upstream dams. But, he said, the U.S. Engineers recommend and propose municipal, industrial and agricultural water for each of the upstream and tributary dams, but they have neglected to include such water for Millwood.

The purpose of this organization, he said, is first to insist that the engineers give us water in Millwood.

He criticized the Dierks Lumber and Coal Company, the Nashville News and its publisher, Louis Graves, for misrepresenting the aims of the organization. He said Nashville was unable to raise enough money to build a water line 14 miles to Narrows for water when the city needed it, and despite this, he said, Graves suggested in an editorial that Arkansas areas could get water from the upstream dams in Oklahoma.

"Nobody who wants to be half-way fair could make a statement like that," he said. He further charged that the Dierks Lumber and Coal Company was attempting to preserve its hardwood timber in the Millwood area and was selfish in opposing a project that would guarantee adequate water supplies to future generations in this area.

"For 15 years this company has promised to build a paper mill in our area," and now, he said, the company has announced it will have to build the mill in Pine Bluff "because there's no water in our area."

"They (the company) could get it out of Millwood. He said Millwood must have water in it for our essential needs in this area. Tackett said he had never opposed Millwood.

The Dierks Lumber and Coal Company has stopped it for ten long years," he declared.

## GIs in Korea Are Living in Tents

WASHINGTON, (AP)—The Army said today about two thirds of the U.S. troops in Korea still are living in tents but that all of them will have housing before winter's end.

A spokesman said in answer to inquiries that when it was decided last August to move all soldiers remaining in Korea from tents to prefabricated houses, about a third of the material for such buildings was on hand.

Quonset-type huts to house additional soldiers were obtained through the Navy. The spokesman said these huts are scheduled to reach Korean ports before the end of this month.

Two Army divisions, a corps headquarters and supporting troops totaling about 40,000 men are now in Korea.

## BURNED TO DEATH

DEQUEEN, (AP)—A 76-year-old Negro woman, Alabama Burth, burned to death early this morning in a fire which destroyed her 2-room house. She was alone in the house at the time of the fire. Cause of the fire was not known.

## Repeal Asked of U. S. Gas Tax, Highway System

Repeal of the federal gasoline tax and rejection of the proposed federal interstate highway system were called for yesterday by John A. Russell, executive vice president of the Arkansas Public Expenditures Council.

Addressing a meeting of the Hempstead County chapter of the council over which Guy E. Basye presided, Russell said he proposed federal interstate highway system would cost Arkansas 216 million dollars for 528 miles of highway.

"Even this small percentage of our total road system cannot be counted on to replace much of the existing parallel road mileage due to the relocation plans," of the new interstate system in Arkansas," he said.

If Arkansas got money now collected as the federal gasoline tax, he said, the state would "get highways, roads and streets much quicker and more representative of the needs of all the people of Arkansas than we will from federal handouts."

## Taxes Key to Highway Building

WASHINGTON, (AP)—A new Democratic proposal for a 51½-billion-dollar highway construction program awaited today a decision on taxes to finance it.

Federal outlay for the 13-year program would total about 37½ billion dollars. The states would contribute about 14 billion.

The bill introduced in the House yesterday carried no financing provisions.

However, the House Ways and Means Committee is working on this problem. Tax increases it has under consideration are reported to be designed to raise about 14 to 17 billion dollars.

Recommendations last year to finance a highway construction bill including a raise from 2 to 3 cents a gallon in the federal gasoline tax and higher levies on tires, tubes, trucks and buses.

The biggest chunk of money in the measure is 25 billion dollars from 1957 through 1969 for a national interstate and defense highway system totaling about 40,000 miles. The states would be asked to add about 24 billion dollars as their share in this program.

In addition, the measure would increase the amounts in the regular federal highway aid program under which the states now match federal funds 50-50. The federal part in the program now is 700 million dollars a year.

## Hall Has Visions for Convention

SAN FRANCISCO, (AP)—A four-day Republican National Convention here with President Eisenhower the nominee and an "outstanding" attendance of delegates combining party business with a California vacation is predicted by Leonard W. Hall, GOP national chairman.

Hall reiterated at a press conference: Eisenhower "is the only candidate I have in my mind."

The president will run it able."

Here to check on arrangements for the convention opening Aug. 20, Hall said the housing situation is "pretty well solved." He said people would get room reservation and convention tickets in a "package operation."

## Kim Novak Has Been Rushed Into Hollywood Stardom But It Hasn't Spoiled Her So Far

By HAL BOYLE  
NEW YORK (AP)—Will success spoil Kim Novak?

The 22-year-old blonde landed in Hollywood two years four months ago virtually unknown except to her family and a few close friends.

Since then she has been in six films. The Hollywood drumbeaters have given her one of the most massive buildups since Marilyn Monroe tip-toed off a calendar to fame.

But even her old Sunday school teacher could hardly complain that Kim—who combines the flawless beauty of Grace Kelly with the scultry charm of Monroe—has let her quick stardom go to her head.

Miss Novak still talks with the down-to-earth commonsense of the proverbial "girl next door." She next door, too—that is, if the girl next door dined her hair in a lather and felt a bit crowded in a 37½-size sweater.

One way Kim was kept her feet on the ground is by walking.

## You Won't Laugh in About 15 Years When Wife Passes You Atomic Steak, Nuclear Salad

By ROBERT H. JOHNSON JR.  
DUGWAY PROVING GROUNDS, Utah (AP)—You sit down to dinner, and your wife says: "Tonight, dear, we're having atomic steak with nuclear salad."

It won't happen tonight, or a year from tonight. But Army and civilian scientists working with an atomic "cooking spot" here say that foods preserved by nuclear energy may be ready for you in 10 or 15 years.

When the time comes, you may find that some familiar foods taste a little different. But the scientists say that will be a minor problem—like learning to like spinach.

The research is part of a national five-year program. The goal is to learn how to use waste products from atomic energy plants to preserve perishable foods so they can be kept on shelves or held on sidings at crowded market places without spoiling.

The project is in its second year, and the atomic "pot" fixes freshness into foods so permanently that some of them are still good to eat after a year or more.

Newsman saw the Dugway project yesterday. It was the first time details of the food preservation studies at this remote Army post had been disclosed.

The scientists call the process "atomic irradiation." "What it does is kill the bacteria that cause decay."

## Presbyterian Youth Sunday Is Planned

Youth Sunday will be observed at the Presbyterian Church with special services.

At the morning service there will be a sermon for children "The Eagle." The subject of the regular sermon will be "A Covenant with Youth."

Special music will consist of a solo by Miss Paula Raley "Great Peace Have They" by James Rogers, and an anthem "Bless This Church" by Brahm, with Mrs. Haskell Jones as soloist.

Sunday afternoon at five o'clock the young people of the church will have charge of the vesper service. Bill Lawrence will preside; prayer will be offered by John Barry; scripture reading by Suzanne McNeill.

Brief talks will be made by Mrs. Jack Lowe, Mrs. Haskell Jones, Sharon Foster, Janet McKenzie, Georgeanne Lowe and Mike Byrd. The offertory prayer will be offered by Diane Helms. Special music will be the theme song of the Youth Fellowship "Strong Son of God."

## Press Had Best Year, Is Report

NEW YORK (AP)—The trade publication Editor and Publisher reports that the nation's press had its best "volume" year in history in 1955, with big gains in both advertising and circulation.

E & P, releasing figures yesterday from its annual yearbook, said total advertising lineage increased more than 10 per cent last year despite a "modest increase" in rates.

Daily newspaper circulation jumped by more than a million copies to a total of 35 millions, largest gain since newspaper rationing ended in 1946.

The publication predicted a continuation if the upward trend for 1956.

## Kim Novak Has Been Rushed Into Hollywood Stardom But It Hasn't Spoiled Her So Far

## Mild Temperatures Continue in State

By The Associated Press  
Arkansas' break in the winter weather continued today, with comparatively mild temperatures and scattered showers.

Light rain fell at Little Rock and Texarkana this morning. Skies were cloudy throughout Arkansas.

The early morning temperature readings mostly were above freezing and ranged as high as the low 40s in south Arkansas. This afternoon's high temperature readings were expected to range from the low 40s to high 50s.

Occasional rain was forecast for tonight, with scattered thundershowers tomorrow and Sunday. Cooler weather is expected in the northwest tomorrow and the rest of the state Sunday.

## Daniels Sees Passage of Gas Proposal

WASHINGTON, (AP)—Sen. Daniel (D-Tex) said today he is confident the Senate will pass the Harbort-Fulbright bill to exempt natural gas producers from direct federal price control.

Daniel is a leader of the forces backing the legislation. Opponents have contended the measure will be defeated. Both sides say the vote will be close.

Daniel told newsmen his latest count showed that six senators haven't made up their minds how to vote. He declined to name them. He predicted the measure will carry "even if all six of them should oppose it," but conceded "the final outcome will be close."

The legislation was approved by the House 209-203 last year.

The Senate today ends a second week of debate on the proposal. Voting on amendments probably will start Tuesday, Daniel said, adding that he thought proponents will beat any efforts to change the bill from the form in which it passed the House.

Supporters privately have expressed doubt about the bill's fate if it is returned to the House for concurrence in any Senate amendments.

## Negroes Try to Enroll at Walnut Ridge

WALNUT RIDGE, (AP)—Three Negro children tried to enroll at the white elementary school here today, the second such attempt in Arkansas this week.

The Negro children, accompanied by three adults, were turned away by A. W. Rainwater, superintendent of schools in this north-central Arkansas town.

"Walnut Ridge is committed in its plan for this school year insofar as integration is concerned," he told the Negroes. He added that the Walnut Ridge School Board has taken "the matter under consideration."

Twenty-seven Negro children tried to enroll in white schools at Little Rock Monday. They applied at all levels of the school system. They too were turned away.

Mrs. L. C. Bates, president of the Arkansas chapter of the National Association for the Advancement of Colored People, said after the Little Rock attempt that an appeal to the courts would be the next step.

## Nominating Primary of AEA Feb. 3

The nominating primary of the Arkansas Education Association will be held in each school of the county on Friday, February 3.

Floyd Pinkerton, President of Hempstead County Education Association urges the Superintendent of each school to see that all teachers who are members of the A. E. A. have the opportunity to vote on Friday.

Each school is asked to turn in the results of the election to the County Supervisors office not later than Saturday morning, February 4th.

The election committee for the county is E. R. Brown, Chairman, Thurston Hulsey, Mrs. Mary Nell Turner, John Maxwell and James Stewart.

This committee is responsible for distribution of ballots, also counting and certifying election returns. This committee will meet in the supervisors office on Saturday morning, February 4th.

## Rice Restriction Vote Is Today

WASHINGTON, (AP)—Growers vote in an Agriculture Department referendum today on the question of extending for another year federal restrictions on production of rice.

Approval by at least two-thirds of the growers voting is required to make the quotas operative. A year ago, they were approved for the 1955 crop by a majority of 90 per cent.

The principal rice growing states are Arkansas, Louisiana, Texas and California, although small amounts are grown in Mississippi, Arizona, Florida, Illinois, Missouri, North Carolina, Oklahoma, South Carolina and Tennessee.

## Can't Expose Reds Freely, Court Rules

By KARL R. BAUMAN  
WASHINGTON, (AP)—A decision of the local U. S. Court of Appeals sharply narrowing the powers of congressional committees to expose former Communists apparently will wind up in the Supreme Court for final ruling.

Justice Department lawyers began studying the opinion today with a view to asking the high court to overturn it.

The appeals court, dividing 2-1, ruled that congressional committees lack power to compel witnesses to name former Communist associates just for the sake of exposure.

Congressional inquiries, the majority held, must have as their goal some valid legislative purpose—that is, possibly remedial laws.

Chief Judge Henry W. Edgerton and Judge David C. Bazelon questioned whether "exposure of individuals to public contempt and hostility" is a valid legislative purpose.

And in the absence of a valid legislative purpose, they said, Congress has no power to expose for public contempt and hostility individuals who have not been exposed "even if there were a law requiring that former Communists be exposed" since Congress has no powers of prosecution.

Judge Walter M. Bastian, who dissented, said the decision "puts us in the position of a court of appeals over Congress and its committees... limiting the scope of such inquiries to what this court thinks that scope should be."

"I would state that the action of the court is, in my opinion, an interference with the legislative prerogatives and violates the doctrine of separation of powers," Bastian wrote.

## Distorted, Says Benson of Program

WASHINGTON, (AP)—Secretary of Agriculture Benson, contending a CBS television broadcast gave a "distorted impression" of the farm picture, says he wants free time to reply fully.

Benson said he would present his demand today to the Columbia Broadcasting System, which telecast last night Edward R. Murrow's See It Now program entitled "The Farm Problem: A Crisis in Abundance."

In New York, a CBS spokesman said the network had no immediate comment.

Benson, appearing briefly near the end of the hour-long documentary program, said he feared the program might give the idea that the small American farmer is on his way out. Any such contention, he said, is "demagoguery at its worst."

Murrow put together a series of films to portray the farm situation. Government-held surpluses were shown in Liberty ships, warehouses and tents. Farmers argued over the job Benson has done. One accused him of doing a "rotten job," while another called him a capable man beset by tough problems and pressure from politicians.

## Mrs. Bridewell, 84, Succumbs At Her Home

Mrs. Effie C. Bridewell, aged 84, widow of R. O. Bridewell and member of a pioneer Hope family, died at her home early Friday.

She is survived by a son, Charles E. Bridewell of Morrilton, two daughters, Mrs. John M. Allison of Tokyo, Japan and Miss Ruth Elizabeth Bridewell of Hope.

Funeral services will be held at 10 a. m. Saturday at First Presbyterian Church by Dr. L. T. Lawrence. Burial by Herndon Cornelius will be in Rose Hill Cemetery.

Active pallbearers: Vincent Foster, Bill Johnson, Herbert Arlt, Dave Griffin, Bill Wray, B. W. Edwards, Milton Eason and Beverly Johnson.

## Commies Plan Details of Red European Army

LONDON, (UP)—Communist military and political leaders met in Prague today to work out details of the organization of a Red European Army outnumbering Western defenders about seven to one.

The "political consultative" conference is expected to welcome Red Germany's newly-acknowledged Army to the alliance and to plan economic coordination of the Communist world.

Three top Soviet officials—Foreign Minister Vyacheslav M. Molotov, Defense Minister C. K. Zhukov and Marshal I. I. Konev, Red supreme commander in Europe—are attending the meeting.

Red China's best general, Vice president Chu Teh, and one of his chief subordinates, Marshal Nieh Jung Chen are sitting in as "observers," but the 5,000,000-man Communist army in China is not formally part of the force at the disposal of the conferees.

The Army controlled by the conference was unified officially last May by the Red Warsaw pact, which grouped European satellite forces under Russian command.

In fact the armies of Red Europe had been controlled by Russia ever since World War II. The pact served two real purposes—it gave Russia an excuse for maintaining forces in Romania and Hungary, and it provided formal authorization for the infiltration of potentially-unreliable satellite armies by Soviet troops.

## Reprimand Is Slammed at Atty. General

LITTLE ROCK, (AP)—The dealings of Arkansas Power & Light Co., with a state senator were indicted yesterday into the Public Service Commission's hearing on AP&L's request for higher rates by Atty. Gen. Tom Gentry, who drew a reprimand from the PSC chairman.

Chairman Lewis Robinson refused to allow AP&L President R. E. Ritchie to answer a question by Gentry as to whether he sought in 1943 to free Sen. Ellis Fagan from Army duty so that he could resume construction on a power company plant.

"That's far afield and smacks pretty strongly of politics," Robinson told Gentry.

Fagan, dean of the state Senate and a wealthy Little Rock businessman, and Gentry are bitter political foes. In the last Legislature, Fagan introduced a bill to prohibit an attorney general from engaging in private law practice while in office.

The measure was condemned by Gentry as a political maneuver. Fagan didn't reply. Neither did he press for passage of the bill, which failed to win approval.

## Man Acquitted of Murder Charge

MALVERN, (AP)—Claude Henderson was acquitted of a first degree murder charge here yesterday in the fatal shooting of Booker T. Carroll.

Henderson pleaded self defense in circuit court, testifying that Carroll advanced on him in a threatening manner at a Negro night club here. Carroll was killed by a shotgun blast Sept. 9, 1955.

## All Around the Town

By The Star Staff

Mrs. Frank Malone, daughter of Mrs. Wash Hutson of Hope, seems to be quite a world traveler now... this morning her sister here, Mrs. Alice Kate Baker, received a letter which told of eating meals on three continents in a single day... the Malones live in Ankara, Turkey... she and her daughter had to journey to Tripoli (North Africa) where they had dinner... enroute they stopped in Greece (Europe) for lunch... of course, the breakfast was at home in Asia.

Apparently about 10 years ago some woman, while in Shipley's Studio, took a picture which she thought was of a relative... this week Rosa Harrie received a letter containing the picture, plus 25 cents in payment and an explanation... seems the woman decided it wasn't the picture of a relative after all and she had been meaning to return it for years but just hadn't gotten around to doing it until a couple of days ago... so she sent the quarter as payment... only trouble Rosa doesn't recall whose picture it actually is.

About the quietest thing in the

## Extended Forecast

For the period Jan. 27-31:  
ARKANSAS—Temperatures near normal west to 3-6 degrees below east portion. Normal minima 26-36 north and 39-49 south. Normal maxima 44-54. Colder Sunday and northwest Saturday. Colder again Tuesday or Wednesday. Precipitation moderate to locally heavy. Showers Saturday and again about Tuesday.

## 5 U. S. Jets Crash in East, Pilots Escape

TOKYO, (AP)—Five U. S. Sabre Jets crashed in the Far East today—four after they ran out of fuel near Okinawa and one in Japan.

The pilots escaped unhurt. The loss, running to about two million dollars, was the costliest single day's toll of Sabres in the Far East since the Korean War.

An Air Force spokesman said four Sabres were returning to Okinawa from a brief training flight when they changed course to skirt bad weather and ran out of fuel.

One pilot parachuted to safety in northern Okinawa. The other three landed in the East China Sea. One was picked up by the Japanese ferry Kanato Maru and two by an Air Force amphibian rescue plane piloted by Capt. Sterling A. Jackson, Chicago.

At Iizuka, Japan, Lt. Jimmie R. Hettinger of Lancaster, Ohio, escaped with minor scratches when his Sabre bounced into a field of rashes on takeoff and started to burn.

Pilots rescued in the Okinawa mishap, all uninjured, were Lt. George E. Tims, Wyandotte, Mich.; Lt. Walter H. Fears, Crewe, Va.; Lt. Leonard M. Weeks Jr., Milwaukee, Wis.; and Lt. John Bar-dick III, Flossmoor, Ill.

## Awards Given to Members of Pack 62

Cub Scout Pack 62 held its regular meeting last night at Garland School and awards were given out.

The Den mothers were introduced: Mrs. Ray Turner Don 3, Mrs. Joe Lively and Mrs. John Case Don 2, Mrs. Robert Mitchell Den 4, Presentation of awards followed:

Richard Turner, Silver arrow under the wolf and Denner stripe; Billy McKenzie, Silver arrow under the wolf and assistant Denner stripe; Wes Ninemire, silver arrow under the Bear and two year service star; Tommy Gene Bright, wolf pin and patch; Tommie Lee Steel, wolf pin and patch; Donald Martin, wolf pin and patch; Jimmy Mosley, wolf pin and patch; Jerry Waller two silver arrows under the wolf; Bobby Mitchell, one silver arrow under the Bear; Larry Thrash, assistant Denner stripe; John Scott Andrews, wolf pin and patch; Richard McDowell, gold arrow under wolf;

## Nominations for Postoffices

WASHINGTON, (AP)—President Eisenhower has sent to the Senate the following postmaster nominations for Arkansas:

Alma K. May, Bonneville; Mack Hooper, Glenwood; Otis W. Tyler, Greenbrier; Leland T. Lewis, Huntsville; Teddy E. Miller, McCrory; Ralph A. Morrison, Nettleton; and Naomi Oleta Hixson, Paris.

## Russia Proposes Non-aggression Pact With U. S.

By DONALD J. GONZALES AND HENRY RAYMONT

WASHINGTON, (UP)—Russia has proposed to President Eisenhower a non-aggression pact which, in effect, calls for separating the free and Communist worlds by a belt of neutral nations, informed sources said today.

The non-aggression proposal, the sources said, was couched in vague terms in the now-famous personal letter sent to Mr. Eisenhower by Soviet Premier Nikita Khrushchev.

But diplomatic sources speculated that under the proposal the United States would be expected to accept the present division of Europe in return for a Soviet pledge not to attack the "free world" and to agree to the reunification of Germany.

The sources said Khrushchev in his letter also called for negotiations on nuclear weapons, primarily including calling off further H-bomb tests.

## MARKETS

**BROILERS**  
**LITTLE ROCK (M)** — Northwest area: Market steady; demand fair; broilers and fryers 20-21; mostly 21.  
**Batesville-Floral area:** Market steady; demand good; broilers and fryers 21.  
 All prices f.o.b. farm.

### POULTRY AND PRODUCE

**CHICAGO (M)** — USDA — Live poultry: receipts in coops 418 yesterday 531 coops, 48,332 lb f.o.b. paying prices unchanged: heavy hens 24-26; light hens 18-19.5; broilers and fryers 2-23; old roosters 14.5-15.5; caponettes not quoted.  
**Butter:** steady; receipts 942,320; wholesale buying prices unchanged: ed. 83 score AA 57; 92 A 57; 90 B 56.25; 88 C 55.5; cars 90 B 56.75.

### NEW YORK STOCKS

**NEW YORK (M)** — Another quiet decline took the Stock Market down slightly today in its second straight fall.  
 There seldom was any selling pressure, and the market made a few efforts at a rally without much success.  
 Prices in the early afternoon usually were off between and 2 points at the most. Gains were

### NEW YORK COTTON

**NEW YORK (M)** — Cotton futures were irregular in early dealings today but firmed in later trading, paced by buying in new crop months. Demand came both from trade and commission houses and found offerings light.  
 Late afternoon prices were 23 cents to \$1.35 a bale higher than the previous close. March 34.61, May 34.10 and July 33.05.

### ST. LOUIS LIVESTOCK

**NATIONAL STOCKYARDS, Ill.**  
**(M)** — USDA — Hogs 13,500; steady to lower than yesterday's average; loss mostly on early rounds; bulk mixed U. S. No 1 and 2 140-230 lb barrows and gilts 12.75-14.50; few to 14.75; several hundred head mostly No 1 and 2 around 220-225 lb 14.75-15.00; mixed grade 230-270 lb 12.75-14.00; moderate numbers mostly No 1 and 2 14.25; 270-310 lb mostly No 2 and 3 grade 12.00-13.25; 140-170 lb 12.75-14.00; sows 450 lb down 10.75-11.50; mostly 11.00 up; heavier sows 10.25-75; few down to 10.00; boars over 250 lb 6.00-7.00; lighter weights to 8.00.  
**Cattle 600;** calves 400; generally steady cleanup trade for all classes; most steers 14.0-16.00; small lots good to choice heifers up to 18.00; few lot commercial and good finds 14.00-16.50; small lots utility grade down to 11.00; utility and commercial cows mainly 11.00-12.00; individual commercial cows up to 12.25 or extremes above; canners and cutters from 8.50-10.50 predominated; top cutters up to 11.00; relatively few canners under 9.00 except hard boned shelly kind; top commercial bulls 14.50; good and choice vealers largely 23.00-29.00; few prime 20.00-33.00; commercial to good 18.00-22.00; cull and utility 10.00-15.00.  
**Sheep 600;** fully steady; choice woolled lambs 20.50; others good and choice, mainly good, at 18.50-20.00; one deck good and choice 98 lb full horn lambs 19.75; cull and utility lambs 13.00-17.00; slaughter ewes 3.00-5.00.

### Weather Blamed in Sales Decline

**ST. LOUIS (M)** — The weather got its share of blame today for a three per cent drop in Eighth Federal Reserve District department store sales of last week.  
 The Federal Reserve Bank of St. Louis reported snowfall apparently deterred shoppers and was partially responsible for the drop from the corresponding week a year earlier.  
 Louisville sales tumbled 14 per cent during the week ended Jan. 21 to head the decline. The Little

## The Weather

By The Associated Press

Central Arkansas: Mostly cloudy with occasional rain and a little warmer this afternoon and tonight. Saturday scattered thundershowers. Sunday partly cloudy with widely scattered thundershowers and cooler. High this afternoon, mid to high 40s; low tonight, low 40s.  
 Northeast Arkansas: Mostly cloudy with occasional rain and a little warmer this afternoon and tonight. Saturday scattered thundershowers. Sunday partly cloudy with widely scattered thundershowers and cooler. High this afternoon, mid to mid 40s; low tonight, high 30s.

Southwest Arkansas: Mostly cloudy with occasional rain and a little warmer this afternoon and tonight. Saturday scattered thundershowers. Sunday partly cloudy with widely scattered thundershowers and cooler. High this afternoon, mid 40s to low 50s; low tonight, low to mid 40s.  
 Northwest Arkansas: Mostly cloudy with occasional rain and a little warmer this afternoon and tonight. Saturday scattered thundershowers and turning colder. Sunday partly cloudy and cooler. High this afternoon, high 40s to low 50s; low tonight, mid 30s to low 40s.

Southwest Arkansas: Mostly cloudy with occasional rain and a little warmer this afternoon and tonight. Saturday scattered thundershowers. Sunday partly cloudy and cooler. High this afternoon, low to high 50s; low tonight, mid to high 40s.

Oklahoma — Mostly cloudy this afternoon tonight and Saturday; fog and drizzle except Panhandle this afternoon and in the east tonight; scattered showers and thundershowers likely eastern half state Saturday; a little warmer this afternoon and tonight and in the east and central Saturday; low tonight in the 40s; turning colder Panhandle Saturday; high Saturday in the 50s.

Louisiana: Considerable cloudiness and a little warmer this afternoon tonight and Saturday with occasional rain, mainly in north portions.  
 East Texas: Considerably cloudiness, milder today and tonight. Scattered showers Saturday and in extreme north portions tonight. Cooler Saturday.

Rock area was off 7 per cent, St. Louis 1 per cent and Memphis recorded the same figures.

For the four-week period ended Jan. 21, district sales were 2 per cent larger than in the corresponding week of 1955 which had, one more trading day than this year.

## Queen Takes Off for Trip to Africa

**LONDON (M)** — Queen Elizabeth takes off today on one of the most exciting journeys of her reign—a three-week trip into the heart of awakening Africa.

With her husband, the Duke of Edinburgh, the young monarch is off to show the flag in British-protected Nigeria, once the main source of the slave trade and now emerging as an industrial nation on the brink of full self-government.

In Nigeria, the Queen will find a nation in political ferment preparing for this summer's elections to the House of Representatives. Delegates from this new House will conduct a constitutional conference with the British which could remove the last vestige of colonial administration.  
 Already the Nigerians control

practically all their own affairs. The question now is whether they can sink their own internal jealousies and religious feuds which only two years ago brought fears of civil war.

The pack rabbit of the western plains in the United States is really a large hare while the Belgian here is a rabbit.

## All You Need for Child's Cough

When colds, measles or flu leave your child with a croupy cough get Creomulsion quick because chronic bronchitis may develop. Creomulsion soothes raw throat and chest membranes, loosens and helps expel germ phlegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. Get milder, tastier Creomulsion for Children in the pink and blue package at your drug counter.

# Puts more Power where it Counts!

THE SECRET OF PONTIAC'S BLAZING GO

IS IN THE TEAMWORK OF TWO ENGINEERING MASTERPIECES

They were born to go together, these two—the mighty Strato-Streak V-8 engine and the revolutionary new Strato-Flight Hydra-Matic drive.

You can feel the difference . . . actually feel it. Feel it in the response—quick as the flick of an eyelash. Feel it in the tremendous thrust—oil smooth and effortless. And feel it in that breathtaking, almost unbelievable extra burst for the split-second sprint to safety past slow-moving traffic in your path.

Here is power and go you dream about . . . but this time it's real, because you're piloting the most modern power combination on the road . . .

A new engine: the brilliant Strato-Streak V-8 with almost 317 cubic inches of displacement for barrel-chested deep breathing . . . with a super-

efficient 8.9 to 1 compression ratio to squeeze the last ounce of go out of every drop of gas . . . with high torque for sizzling take-off . . . with a blazing 227 horsepower!

A new transmission: an engineering masterpiece specifically designed to utilize the full thrust of that great engine . . . with gears for instant response and crisp, positive acceleration . . . and an amazing liquid-link coupling for a silky-smooth flow of power to the rear wheels.

Test drive this fabulous '56 Pontiac tomorrow—we promise you, you're in for a thrill!

And another thrill is waiting for you when you hear the price! See your Pontiac dealer soon—make it a special point to do it—and get ready for two wonderful discoveries!

\*As extra-cost option.

You can actually buy a big, glamorous Pontiac 800 for less than you would pay for 44 models of the low-priced three!

## Porkers Go Into Action Saturday

By The Associated Press  
The two top teams in the 1956 Southwest Conference basketball night swing into action tomorrow night after a layoff for final examinations.

Arkansas, whose four victories against no defeats is the best conference record in the loop, takes on Mississippi at Memphis. The tilt is a non-conference game.

Southern Methodist, second best with a 3-0 mark, faces a dangerous foe in Texas Christian at Dallas. All other conference teams—Texas, Texas A&M, Baylor and Rice—remain idle this weekend.

Arkansas and Southern Methodist face a showdown when they meet at Fayetteville Feb. 4 although the Hogs have more victories to their credit since conference play began, they can't match the season record of the Mustangs, now rated 18th nationally in the Associated Press poll.

While the Hogs have only a 5-3 season mark, the Mustangs, who have yet to be defeated by a Southwest Conference team this season, have 13 victories against 2 losses.

Pastrano Battles Spieseer Tonight  
MIAMI BEACH, Fla. (AP)—Willie Pastrano of New Orleans figures to be a 7-5 choice over Chuck Spieseer of Lansing, Mich., when the two light heavyweight contenders meet in a 10-round fight in the auditorium tonight.

Pastrano, strapping 20-year-old who has not lost a fight since Nov. 30, 1953, when Italo Scottichini beat him, is expected to weigh in at around 182 pounds, which would give him a weight advantage.

Speiser, a Michigan State graduate, is a puncher who has won six of seven fights since coming out of the Army last March. He lost only to Pastrano, in Chicago last July, and since then has been anxious for a return engagement.

NBC will broadcast and telecast at 10 p.m., EST.

HIT RUN DEER  
WURZBURG, Germany. (UP)  
Two U. S. 10th Infantry Division soldiers would have been better off if they had passed the buck.

They were victims of a hit and run deer.

Pvt. Douglas Sikes, Bedford, Va., was treated for a dislocated shoulder. Pvt. Leon Pissalato, Tupelo, Miss., had a broken leg.

They were standing in formation when the 10-point buck appeared, trooped the line and then charged the two soldiers.

## Americans Off to Poor Start in Olympics

By STAN SWINTON

CORTINA D'AMPEZZO, Italy (AP)—Finland and Germany each grabbed a first gold medal today and Italy's two dareddevil drivers took a commanding lead at the halfway mark of the two-man bobsled championships as the seventh Winter Olympics open full blast today.

Snow fell, too, to make this a joyous occasion in this snow-starved resort center but there was only gloom in the American camp. The two U. S. bobsled teams were virtually out of the competition.

Mrs. Andrea Mead Lawrence finished in a tie for fourth place in the women's giant slalom and the U. S. hockey team absorbed a 4-3 defeat from Czechoslovakia in the last two minutes of its opening game.

Veikko Hakulinen, a 31-year-old Finnish lumberman who won a gold medal at Oslo in 1932, became the first champion of these games when he captured the 30-kilometer cross country ski race 18 miles, 1,128 yards, a new event on the Olympic program. He won the 30-kilometer grind in the last Olympics. Hakulinen was timed in one hour, 44 minutes, six seconds, with a Swede second and a Russian third.

Ossi Reichert, a 30-year-old German cafeteria manager, unofficially won the giant slalom in the sparkling time of one minute, 56.5 seconds for the lightning fast, 1,700 meter mile, 109 yards Tofano course, to dethrone Mrs. Lawrence. The 23-year-old American housewife from Parshall, Colo., winner of both the giant slalom and slalom in 1952, was tied for fourth in 1:58.3.

The result of the slalom was un-

official pending the usual review by the judges but there wasn't much doubt that the placings would stand.

Austria's Josefina Frandl was second with 1:57.8 while another Austrian, Dorothea Hochleitner third with 1:58.2.

Mrs. Lawrence, who has had three children since winning both the slalom and giant slalom in 1952, was tied for fourth with Madeleine Berthod, the skinny, 25-year old Swiss cowmaid who had been rated the favorite. They were clocked in 1:58.3.

America's two sleds, piloted by Weightman Bud Washbond of East Hartford, Conn., and Artyler of Rochester, N. Y., were far behind the dashing Italians, who were racing on their familiar home course.

Dalla Costa, a jet pilot at the wheel of Italy's No. 1 sled, zoomed down the chute in 1:22 and 1:22.45 for a total time of 2:44.45. The course record for the distance of a mile and 109 yards is 2:21.98.

Eugenio Monti, a pint-sized former Italian ski champion, was clocked in 1:22.73 and 1:22.33 for a total of 2:45.06.

Two more heats will be raced tomorrow with the total times for the four runs deciding the championship.

Washbond, at the wheel of the No. 1 U. S. sled with Pat Biesiadcki, Ware, Mass., at the brake, finished fifth with a total of 2:48.97 on runs of 1:24.82 and 1:24.15.

Tyler, with Ed Semour, also of Rochester, N. Y., as his brake, took sixth with runs of 1:25.41 and 1:23.77 for a total of 2:49.18.

The hockey loss was a heart-breaker for the plucky Americans who gave it the old college try throughout and three times came from behind to tie at 1-1, 2-2, and 3-3.

The victory almost assured Czechoslovakia of a first place finish in the "B" pool of three pool elimination tournament.

However, the United States' strong showing indicated they should have little difficulty in advancing into the final round by defeating the weak Polish team in

## Eight Games to Be Played Today at Saratoga

A capacity crowd witnessed opening games in the first round of play in Saratoga's Invitational Basketball tournament yesterday and last night.

Tournament play will continue today and Saturday with the finals coming Saturday night both the girls and boys divisions.

Hope's "B" team boys surprised a highly regarded Blevins team this morning in the Saratoga tournament with a 54 to 52 victory. J. May with 15 and Lynn Wiegans with 11 points led Hope while Willis and Hugg of Blevins made 6 each.

Yesterday in the first contest

their second game tomorrow, Czechoslovakia and Poland play Sunday.

Sweden's Sixteen Jernberg was second in the cross country ski race in 1:44.30 with Russia's Pavel Koldthin third in 1:45.45.

This marked Russia's debut in the Winter Olympics and Koldthin became the first medal winner. Soviet squad's first medal winner. He received a bronze trophy for third place. Behind him came three more Russians, then two Swedes and another Finn. America's two entries, Lynn Levy of New Orleans and Andy Miller, McCaul, Idaho, were far out of the race.

With the only two finals completed, Russia, making its debut in the winter games with a powerful squad, was tied for first with Germany and Finland with 10 points each in the unofficial team scoring.

No official point score is kept in the Olympics but traditionally points are counted 10-5-4-3-2-1 in all events in which gold medals are awarded.

Genoa Central was beaten by Nashville girls 51 to 36. Shannon of Nashville was high point with 29 while Nashville's McClure and Genoa Central's Lang had 12 each.

At 2:15 Lexington's girls edged Mineral Springs 37-36 in a thriller. McClendon with 31 and Parker with 15 led the winners while the losers Corboll tossed in 22 and Bredlove made 20. It was an overtime contest which saw the score tied 53-53 at the end of the regular game.

3:30 p. m. Blevins fanned the Spring Hill girls 53 to 20. Clark of the winning team hurled in 32 points and Bonds 19; Spring Hill's Stark made 12 and Reilly eight.

5:30 p. m. Delight turned back Guernsey's girls 47 to 36 with Walsh making 26 points for the winners and Draper 18, Guernsey's Thompson tossed in 16 and Cleaver made 11.

6:45 p. m. Mineral Springs' boys smashed Winthrop 69 to 27. Newell made 33 and Graves 22 for the winners and Cox of Winthrop made nine points.

8 p. m. Saratoga turned back Kirby's girls by a 45 to 41 score. Dodson of Saratoga made 27 points and McKunkins made 12; Kirby's Reese had 21 and Coffman 11.

9:15 p. m. Saratoga's boys, outscored Spring Hill 62 to 50 with Gathwright leading the way with 18 points.

in the Lillian Houston Bible Class.

## These HANDS of MINE

Whether building a life or a skyscraper is involved, a clear understanding of the project is necessary... a plan must be in mind. The man who starts to raise a family without first considering his earning power, cost involved and the necessity for God's help — faces serious difficulty. To correctly raise a building an architect, blueprint and a builder are essential. To properly build a man — prayer, Bible reading, Sunday school and church attendance are good tools to work with. To calculate the pitch a roof must be easy but without God's help, to determine the worth of a young life is impossible. Architects design houses. Builders put them together. But only God can build a man out of a boy. The church, through these firm hands of mine, pictures to humanity the world's greatest designer... Jesus the Christ. World builders could not get along very well without Him. He has never poured a bad foundation, nor laid a sill out of level, nor raised a wall off plum. "Except the Lord build the house, they labor in vain who build it," Psalms 127:1.
